

## 1. Modelos de Notas de Voz (Audios de ejemplo)

Presentamos dos guiones tipo que el alumno puede escuchar (puedes grabarlos tú mismo o usar una herramienta de texto a voz) para entender el ritmo, la entonación y la estructura.

### Modelo A: El consejo directo (Nivel Estándar)

"Hi, Maria! How are you? I heard you are going to London. That's great! My advice is: **you should** take an umbrella because it rains a lot. Also, **I recommend** visiting the British Museum, it's free! **Finally**, don't forget your comfortable shoes. Have a nice trip, bye!"

### Modelo B: El experto detallista (Nivel Avanzado)

"Hello there! About your trip to Rome... **first**, you **shouldn't** rent a car, the traffic is crazy! **Instead**, you **should** use the metro. **I suggest** eating pizza in Trastevere, it's delicious. **After that**, you can walk to the river. I hope you like it! See you soon."
